

CAREERS WITH ANIMALS DAY

Talk Timetable | Saturday 9th October 2021 (9am-4pm)

Time	Presentation
9-9:30am - Online Registration	
9:30am - Welcome and Introduction	
9:35-10am	Veterinary Nursing - is it for you? <i>The College of Animal Welfare</i> If you're looking for a rewarding job where you get to care for animals in a veterinary practice, then veterinary nursing could be the career for you! During this talk The College of Animal Welfare will be speaking more about the job role, training options and career progression!
10:05-10:40am	Working in a Veterinary Hospital – be informed and reach your full potential <i>Abbey House Vets</i> Abbey House Vets Linnaeus is a leading veterinary practice in Leeds and a respected name in West Yorkshire veterinary care. We offer the very best in veterinary care for your pets across our practices in Rothwell, Cleckheaton, Batley, Kippax and our 24 hour veterinary hospital in Morley (including our out of ours Leeds Emergency Vets team). Our highly trained and caring teams of vets, nurses and support staff are proud of the standard of care we have provided to pet owners in Leeds and surrounding areas for over 40 years. This presentation will take you through what our veterinary team do in an average working day, the different areas in which veterinary staff can aim to specialise within the practice, and how career paths can grow and be developed within the company.
10:45-11:10am	Getting into Veterinary Medicine <i>Royal Veterinary College</i> Join Chris Hobson (Head of Student Recruitment) for this presentation, where he aims to share his insight into studying Veterinary Medicine and tips to help applicants fulfil their potential when applying.
11:15-11:40am	Veterinary Nursing – My Career Path and the Opportunities that Presented Themselves <i>PDSA</i> This presentation will give a brief insight into my own career path into veterinary nursing, before launching into the opportunities that are available within PDSA. PDSA is the UK's largest veterinary charity, Operating through a UK-wide network of 48 Pet Hospitals, PDSA provides low cost and free veterinary care to the sick and injured pets of people in need and promotes responsible pet ownership.
11:45am-12:10pm	Start your career in horseracing <i>National Horseracing College</i> Have you always wanted to work with horses? If so, this presentation by the National Horseracing College shows a tour of the college, a typical day, gallops and indoor school riding demonstrations, simulator lesson and a chance to meet the horses.
12:15-12:40pm	A Career at Jerry Green Dog Rescue <i>Jerry Green Dog Rescue</i> Jerry Green Dog Rescue exists to provide a safe place for homeless dogs and to seek new loving places for them to live. We shall be covering the roles throughout the charity which make this possible, including both paid and voluntary opportunities. We aim to give attendees an insight into what qualities and qualifications we look for during recruitment for certain roles, and what paths you may want to take to work towards a career at a dog rescue charity. This will cover our operational dog welfare staff as well as fundraising and other career options within the charity.
12:45-1pm	Lunch break
1:05-1:30pm	Dog Grooming for a Living <i>CAW Grooming School</i> Are you the happiest when you're brushing your dog's hair? Does a clean dog make you happy? If so, then a career in dog grooming might be your calling! Listen to this talk by the CAW Grooming Team to hear about what it's like to be a dog groomer and how you get into the industry.
1:35-2pm	Work-based Animal and Horse Care: Learning on the job <i>The College of Animal Welfare</i> Have you always wanted to work in the animal care industry? Perhaps you see yourself working in a kennels/cattery, rehoming centre or stables? If so, listen to this talk to learn more about work-based learning and apprenticeships in animal and horse care.
2:05-2:30pm	Careers With Cats <i>Cats Protection</i> This presentation will discuss the range of career options available for people who would like to work with cats. It will provide some advice on how to find your purrfect job at Cats Protection, the UK's largest feline welfare charity; and will include discussion of the skills, knowledge and experience that help us to help cats in need.
2:35-3pm	Overseas Travelling with Animals <i>Oyster Worldwide</i> Whether you want to take a year out or just make the most of your summer holiday, there are lots of opportunities for you to volunteer overseas. From sanctuaries to game reserves, Oyster Worldwide have a huge variety of animal welfare projects for you to get involved in! This presentation will run through some travel information and guidance, before also outlining the projects they have to offer.
3:05-3:30pm	Animal Reiki and its Benefits for Anyone Working with or Caring For Animals <i>Friends of Baxter Animal Care</i> When animals are relaxed their self-healing is improved and they are less stressed by 'triggers/ situations' that cause anxiety. Animal Reiki is a natural complementary therapy well known for relaxation properties and can therefore be a valuable support to a wide range of roles with animals. Find out more about this therapy, how it can benefit animals and those caring for/ working with them, new training standards and more. Anyone can learn Reiki – everyone can benefit.
3:35-3:55pm	The Association of Chartered Physiotherapists in Animal Therapy – Career Pathway <i>ACPAT</i> This talk by the Association of Chartered Physiotherapists in Animal Therapy (ACPAT) will cover: <ul style="list-style-type: none"> • Who is ACPAT? • The role of a veterinary physiotherapist • A guide to how to become a chartered and veterinary physiotherapist
